

Center for Research on Management of Sleep Disturbances

presents

RECENT ADVANCES IN THE EFFECTIVE TREATMENT OF INSOMNIA IN OLDER ADULTS

Michael V. Vitiello, PhD

Professor
Psychiatry & Behavioral Sciences
Gerontology & Geriatric Medicine
Biobehavioral Nursing & Healthcare Systems
University of Washington

Dr. Vitiello is an internationally recognized expert in sleep and sleep disorders in aging. His research interests are in the clinical neuroscience and neuroendocrinology of aging, specifically; understanding the causes, consequences and treatments of age-related disturbances in sleep, circadian rhythms and cognitive function. He is Editor-in-Chief (for the Americas) of *Sleep Medicine Reviews* and a Past-President of the Sleep Research Society.
